

Haiming

After the World Cup in South Africa there was the next big race on the schedule, the Hors Category race in Haiming. I was looking forward to the really nice course in Oetzal. It's a real mountain bike course with tons of roots

1	Ralph Naef (Swi)	1:37:26
2	Lukas Flückiger (Swi)	0:01:06
3	Alexander Gehbauer (Aut)	0:01:24
4	Florian Vogel (Swi)	0:01:30
5	Gerhard Kerschbaumer (Ita)	0:01:38
6	Michal Lami (Svk)	0:01:55
7	Fabian Giger (Swi)	0:05:24
8	Christoph Soukup (Aut)	0:05:33
9	Martin Gujan (Swi)	
10	Fabian Rabensteiner (Ita)	0:06:04

I was standing in the second start line next to famous names in mountain bike sport. My start was good and I was in the Top 10. Unfortunately a contender made a gap in the first downhill to the front group. In the next uphill we tried to catch them again but I had to pay for that in the next technical section. It's not good if you are too tired in these sections - like this you make a lot of mistakes and you lose time again. Such a crash happened to me, in the worst moment. You fight for every meter and then... bamm you are lying on the ground and everything was for nothing. Afterwards I was riding my laps, once better, once worse and at the end I crossed the line on the 9th place.

Already next week there will be the next race, the BMC Racing Cup in Solothurn.
